

1999-01 Performance Progress Report

For Quarter Ending June 2001

Agency 406

County Road Administration Board

Mission

The mission of the County Road Administration Board is to preserve and enhance the transportation infrastructure of Washington Counties by providing standards of good practice, fair administration of funding programs, visionary leadership, and integrated, progressive, and professional technical services.

Goal To establish and monitor an annual certification process to insure that county road departments comply with legislative directives and adopted standards of good practice.

Performance Measure Percent of counties who have received Certificates of Good Practice upon initial review of documents

Outcome	Fiscal Year 2000				Fiscal Year 2001			
	<u>Quarter 1</u>	<u>Quarter 2</u>	<u>Quarter 3</u>	<u>Quarter 4</u>	<u>Quarter 5</u>	<u>Quarter 6</u>	<u>Quarter 7</u>	<u>Quarter 8</u>
Estimate				100				100
Actual				100				100
Date Measured								

Goal To provide funding to counties to assist them in preserving and improving their county road systems.

Performance Measure Statewide average arterial pavement structural condition (PSC).

Outcome	Fiscal Year 2000				Fiscal Year 2001			
	<u>Quarter 1</u>	<u>Quarter 2</u>	<u>Quarter 3</u>	<u>Quarter 4</u>	<u>Quarter 5</u>	<u>Quarter 6</u>	<u>Quarter 7</u>	<u>Quarter 8</u>
Estimate				82				84
Actual								82
Date Measured								

Quarter 1 Comment We have not received sufficient information from counties to determine number. CRAB may consider making this a standard of good practice to insure receipt of relevant/appropriate data.

Quarter 4 Comment We have not received sufficient information from counties to determine number. CRAB may consider making this a standard of good practice to insure receipt of relevant/appropriate data.
